ABOUT US

MISSION

To address social vulnerabilities and inequalities by providing support and Developmental know-how through key partnerships for initiatives at a community level that quantifiably demonstrates social impact.

VISION

To create a safer, healthier, and more prosperous south Africa where all people, especially the youth, have access to the information, skills and opportunities needed to contribute to equitable local and national development.

STATEMENT OF COMMITMENT

Khulisa commits to its stakeholders, partners, and beneficiaries to adhere to sound corporate governance principles and maintain reputational capital by consistently placing those who it supports first. All governance matters are king iv compliant, with all employees adhering to these principles.

VALUES

GUIDE
By restoring Empathy, self-belief And self-worth

EMPOWER
By enabling Confidence, Aspiration and Ownership

NURTURE
By believing that All people can Grow

RESTORE
By enabling People to have an Equal voice and Building trust and Aspiration

MESSAGE FROM THE CHAIRPERSON

Dear Shareholders and Stakeholders,

It is with great pleasure and humility that I address you as the Chairman of Khulisa Social Solutions (Khulisa). I want to reflection the challenges faced by the NGO sector in the past year while celebrating our organisation's remarkable accomplishments. As you read our Annual Report, join us on a journey that highlights our team's resilience, dedication, and unwavering commitment to creating positive social change.

It's been a tumultuous year for the entire NGO sector. The world faced unprecedented challenges, from the ongoing global pandemic to social and environmental crises that tested the very fabric of our communities. Yet, it is precisely during these trying times that organisations like Khulisa Social Solutions become even more important.

> ***"WE BELIEVE THAT EVERY OBSTACLE PRESENTS AN OPPORTUNITY FOR GROWTH, INNOVATION, SUSTAINABILITY, AND IMPACT."***

In the face of adversity, our Khulisa team has risen to the occasion with remarkable agility and adaptability. We have navigated uncharted waters, re imagined our strategies, and redefined our approaches to better serve the communities we work with. The dedication and unwavering spirit of our staff, volunteers, and partners have been instrumental in overcoming the challenges that threatened to impede our progress.

We take immense pride in the accomplishments recorded in our 2022/23 Annual Report. Our organisation has continued to make significant strides in the areas of education, social cohesion, restorative justice, NGO/CBO capacity building, community development, promoting sustainable livelihoods and youth empowerment.

Lives have been transformed, hope restored, and futures redefined. The impact we have made would not have been possible without the unwavering support of our shareholders, donors, and stakeholders.

As we celebrate these achievements, we remain aware of the work that lies ahead. The path to sustainable change is long and winding, and our journey is far from complete. However, we are emboldened by the progress we have made, the lives we have touched, and the difference we continue to make in our communities.

However, I must express my great frustration and concern about the lack of confirmation from the Department of Social Development in Gauteng regarding contracts for the next financial year. Our organization, dedicated to uplifting and empowering communities, relies heavily on these contracts to continue our vital work. Without clear and timely communication, we are left in a state of uncertainty, hindering our ability to plan and execute our programs effectively.

We are hopeful that this situation will soon be resolved and will not impact too heavily on the lives of our staff and beneficiaries.

In closing, I extend my deepest gratitude to all those who have stood by Khulisa Social Solutions through thick and thin. Your unwavering support and belief in our mission have been the driving force behind our success. Together, we shall continue to navigate the challenges that lie ahead, guided by our shared vision of a more equitable, compassionate, and just society.

With heartfelt appreciation,

March 2023

MESSAGE FROM THE MANAGING DIRECTOR

In this year's Annual Report, we are pleased to present the accomplishments and impact of Khulisa Social Solutions between April 2022 and March 2023.

> ***THE CELEBRATION OF OUR 25TH ANNIVERSARY IN OCTOBER LAST YEAR WAS A HIGHLIGHT ON OUR SOCIAL CALENDAR.***

As an organization committed to driving positive social change, Khulisa remains at the forefront of addressing critical social issues and empowering individuals and communities to thrive.

Over the past year, we have continued to make significant progress towards creating a more inclusive and equitable society. Through our various programs and initiatives, we have worked tirelessly to uplift marginalised communities, provide access to essential services, and create sustainable solutions to complex social challenges.

Areas we have specifically focused on include:

- Promoting our systemic work in geographic ecosystems.
- Advancing sustainable livelihoods, particularly among vulnerable populations.
- Strengthening NGOs and community-based organisations (CBOs) to render crucial services especially in the field of peace-making.
- Developing an ecological model specific to gender-based violence, using data from various interventions in Alexandra.
- Enhancing data generation processes to develop needs-based interventions.
- Ongoing rendering of restorative justice practices on a national level, both within the criminal justice system and at community level.

We have also strengthened our collaborations with like-minded organisations, government agencies and community stakeholders, especially NGOs and CBOs. These partnerships have been instrumental in amplifying our impact and reaching a broader audience, creating more significant and lasting change.

In addition to fostering partnerships, we have been driving organisational growth and sustainability through playing the role of an implementing agent.

Throughout this report, we will delve into the specific projects and programs that we've implemented in the past year. These initiatives have focused on areas such as education, healthcare, crime prevention, community development, economic empowerment, and social justice, among others. By providing an in-depth analysis of our work, we aim to showcase the tangible impact we have made in the lives of individuals and communities.

As we reflect on the accomplishments of the past year, we acknowledge the challenges and uncertainties we have faced. The COVID-19 pandemic and its profound, lasting impact on society, have required us to adapt our strategies and find innovative solutions to continue supporting those in need. The resilience and determination demonstrated by the entire Khulisa team in navigating these challenges have been truly remarkable.

We extend our gratitude to our dedicated team for their exceptional leadership and to all our partners, donors, volunteers, and stakeholders for their invaluable support. Together, we will continue to drive positive change and build a brighter future for all.

March 2023

KHULISA AT A GLANCE

Established in 1997, Khulisa Social Solutions is a non-profit organisation initially *focused on crime prevention, offender rehabilitation, victim empowerment and restorative justice.*

Over our 25 + years, we've transformed into a collaborative force promoting social cohesion and peace-building, working with multiple stakeholders in diverse geographical ecosystems.

At Khulisa, we recognise the challenges faced by non-profits and communities, and aim to empower them with research-driven interventions.

> ***Our value lies in tailoring solutions to communities in need and ensuring measurable donor impact.*** *Together, we drive positive change and amplify our partners' and donors' philanthropic efforts.*

We champion collaboration, working closely with grassroots partners in vulnerable South African communities. Our approach is rooted in research, which enables us to develop evidence-based strategies. Partnering with Khulisa Social Solutions means a holistic and impactful approach to their philanthropy for our donors and funders. We are also committed to empowering smaller non-profits, fostering positive change in multiple communities, and maximising return on investment for all our stakeholders.

OUR ECO-SYSTEM APPROACH

There is now both an urgent need and an opportunity to craft social compacts to *enable South Africa to achieve higher growth and employment, increased investment, and savings.*

This compact will offer attractive and compelling benefits to all partners in our areas of operation. In addition, we believe crafting social alliances contributes to a culture of dialogue and peace-making. They also secure genuine commitment across all facets of society as part of a national effort to build unity in diversity.

To achieve the vision of NGOs working in alignment, a democratic culture of collaboration needs to be nurtured. Therefore, our current focus is to fortify our eco-system approach toward securing funding. We believe collaborative networks can respond better to societal challenges and the crises humanity faces. This approach involves all social factors operating within a broad social change context of the political environment and social realities. Doing so can determine the distribution of resources and skills development to those in most need.

OUR ALIGNMENT WITH SUSTAINABLE DEVELOPMENT GOALS

Khulisa's mission closely aligns with the Sustainable Development Goals (SDGs) *laid out in the 2030 Agenda for Sustainable Development.*

This global framework, embraced by all United Nations Member States, calls for a collective endeavor to combat poverty, inequality, injustice, and climate change by 2030. Khulisa's work significantly contributes to several key SDGs.

Our programmes encompass diverse areas, from skills development and educational equity to gender empowerment, economic fairness, and social inclusion. Through peace-making and dialogue circles, we address issues like economic abuse, resource access, and community unrest, promoting positive change in line with SDG objectives.

What's more, Khulisa's commitment to capacity building, environmental sustainability, and tailored community solutions ensures a comprehensive approach to addressing societal challenges. We firmly believe in the power of collaborative partnerships, exemplified by our extensive network of over 300 NGOs. Together, we work towards achieving the SDGs and creating a more equitable and sustainable future for all.

OUR FUNCTIONAL STRATEGY

Central to Khulisa's functional strategy is the promotion of social cohesion which is paramount to building a peaceful, democratic, and prosperous nation.

This means raising shared values in communities, reducing disparities, and instilling a sense of common community and shared challenges. Social cohesion creates stronger bonds across different groups of people and fosters greater trust in government bodies. Illustrated in the diagram are Khulisa's tried and tested interventions.

2023	Global Business leaders magazine	Khulisa Shortlisted as part of 20 companies who are escalating innovation in the market in 2023

REGIONAL REVIEW
GAUTENG

STORY OF THE YEAR: ALEXANDRA (ALEX)

Khulisa in Gauteng is primarily funded by the department of Social development and renders multiple programmes Through the employment of 40 full-time/part-time staff Located in six offices and four victim-friendly rooms.

PEACE-MAKING AND SOCIAL COHESION PROGRAMME

The project, initiated in July 2021, during the mid-year unrest, has empowered over 6,000 individuals. This includes community members, non-governmental organisations (NGOs), community-based organisations (CBOs) and institutions.

Through this program, we've provided actionable knowledge about social cohesion, peacemaking, restoration, volunteerism, and active citizenship to our partners, revitalising hope, and purpose in thousands of lives.

Our innovative community dialogue models encourage collaboration among different sectors, fostering a "whole society" approach for a stronger community.

WHY ALEXANDRA?

Alexandra is one of South Africa's most impoverished urban areas, situated near the affluent Sandton district. Most residents are black and unemployed, and violence is a daily occurrence. This violence is characterised by distrust, tension, and conflict with sub-groups within the community.

It's a diverse and transient community, with people coming to Johannesburg in search of opportunities but facing poverty and inequality instead. The ongoing underdevelopment and population growth exacerbate these issues, often resulting in outbreaks of violence and looting, as seen in mid-2021.

Khulisa has been actively involved in Alexandra for over 22 years. In response to the 2021 violence and looting, we initiated peace and mediation circles two years ago. The Alexandra Peace-making Project is a continuation of our 2022 efforts. We have a deep understanding of the challenges in this community and are well-equipped to implement critical socio-economic interventions to address them.

BUILDING A COHESIVE COMMUNITY

In the last fiscal year, our office and region experienced substantial growth.

From August 2022 to January 2023, we focused on mainstream crime prevention activities, including diversion intakes, registrations, sessions, Family Dialogues, Early Intervention, Parent Workshops, and Advocacy and Awareness campaigns. These initiatives gave divertees a fresh start and opportunities for clean criminal records. Magadi Bahumi, one of the divertees, started working at the office as a housekeeper after completing her programme. She later moved into an administrative role.

We expanded our network, supporting Retlagona Primary School in reviving sports activities, leading to improved academic performance. Partnering with Sibanye Stillwater, ProjectLink, Tshwane University of Technology (TUT), and the Centre for Entrepreneurship Development in the third quarter, we conducted a two-day workshop on essential business tools. Impressively, 96% of attendees applied the workshop's knowledge to their entrepreneurial ventures.

PROGRAMME EXECUTION

FOCUS AREAS:

- Job creation and/or enterprise development.
- Restorative justice including various forms of peace-making /peace-mediation.
- Peace-making.
- Health care.
- Social inclusion, including persons with disabilities, the LGBTQI+ sector, and vulnerable women.
- Community safety and action against gender-based violence.
- Greening and the environment.
- Food security and nutrition.
- Education support and early childhood development.
- Youth support and recreation.
- Support for digital inclusion them.

TSHILIDZI GODFREY MASHAMBA, FACILITATOR AT LION OF JUDA

Working with a front line team, we can see that there is an ongoing need for peace-making dialogue sessions within our community of Alexandra. We are still experiencing a broken society that needs healing as many people are resorting to substance abuse, and violence to resolve issues in their lives.

The community of Alexandra has limited access to social workers who offer psychosocial support, therefore training more peacemakers who to render peace-making dialogue circles in our community will help to restore peace, create a drug-free, and non-violent society.

CHRIS NDLOVU, FACILITATOR AT THUSONG YOUTH CENTER

I now hold a dialogue circle every Thursday with community members. Different issues come up and following group discussions, the feedback is always positive. Attendees shared that due to the dialogue circle, they now have peace in their families, in their relationships and within themselves. The dialogue session has helped them to heal from childhood traumatic experiences.

MANDLA MNISI, EX-OFFENDER AND FOUNDER OF EAGLES OF HOPE

My mentor motivated me to give birth to Eagles of Hope where I started doing art and other courses in prison. Upon being released, I formed the group for teaching music, acting, and dancing. When I was introduced to the dialogue circles it gave me a different view and helped me find my inner peace. After discovering how effective the dialogue circles worked for my anger, I thought that I should start sharing this experience with others to process anger and look after mental health.

90 DIALOGUE CIRCLES, 875 PARTICIPANTS

VARIOUS DEMOGRAPHICS

Adults, children, civic members, community leaders, and advocacy groups, entrepreneurs, ex-offenders, individuals recovering from substance abuse, learners NPO members, religious leaders, teachers, teenagers, the elderly, the homeless, youth, young adults, parents, parents of children with disability, and victims of violence

NUMEROUS TOPICS

Anti- social behaviors among boys, awareness and self-awareness, bereavement, bullying, conflict, copying with life challenges, crime ad crime awareness, depression, discrimination, education, environmental issues, financial constraints, future dreams and goals, GBV gender roles, LGBTQIA + acceptance, healing, lack of support and opportunities, living conditions, mental health, parenting, parental challenges, parent-conflict, and single - parenthood, peace-making, peer pressure, reintegration of ex-offenders, relationships and relationship conflict, stigmatisation, substance abuse, teenage pregnancy, trauma, unhealed wounds, violence and unemployment.

Participants described their experiences, although "challenging, emotional, and sad", as" educational, encouraging, enlightening, enjoyable, freeing,fun, good, happy, helpful, important, informative, lovely, mind altering, relieving, therapeutic and uplifting

REGIONAL REVIEWS
KWA-ZULU NATAL

KHULISA AND KHULA KANYEKANYE PARTNERSHIP GROWING *FROM ROOTS TO SHOOTS*

Over four years, the Khula Kanyekanye gardening project in Kwa Nzimakwe, KZN, has significantly flourished under Khulisa's guidance. Starting with one garden, they now oversee two, supporting a feeding scheme and the "One Family-One garden" initiative. This project involves 19 homestead women gardeners who meet monthly to share knowledge and assess needs.

The project was initiated by Jeanne-Louise Kinsey from Secret Sithela in Munster, an eco-estate providing permaculture training. Jeanne-Louise cultivates diverse food-bearing plants in an organic food forest, prioritizing resilience to climate change and nutritional value for financially challenged communities.

REGIONAL REVIEW
KWA-ZULU NATAL

A pivotal aspect of this partnership is the Natural *Farming and Permaculture training courses at Secret Sithela.*

In March 2023, two Khulisa representatives attended a successful four-day course, bolstering skills development and project expansion.

This collaboration facilitated Investec garden goody donations and introduced the Youth@Work program, employing two intern trainees. Khulisa and Khula Kanyekanye are exploring the cultivation of Cassava within the Kwa Nzimakwe community, recognizing its potential as a climate-resilient, sustainable food source and cash crop.

Together with TYGED from Tanzania, we are developing an implementation plan. The Agricultural Research Council, in partnership with the University of Pretoria, has expressed interest in supporting research on Cassava cultivation in South Africa, aligning with UN sustainable goals and women's empowerment in agriculture.

REGIONAL REVIEW
LIMPOPO

SUSTAINABLE LIVELIHOODS PROJECT FOR AMANDELBULT

In September 2022, Khulisa secured a contract from Tshikululu Trust for the Sustainable Livelihoods Programme in the Amandelbult district, slated for delivery between October 2022 and December 2023.

The programme entails specifically designed programmes to increase productivity and develop livelihood opportunities through the capacitation of NGOs and CBOs.

At the project's inception, each NGO conducted a needs analysis to identify areas for development, leading to the implementation of the following initial training:

- Governance
- Legal and Compliance
- Policies and Procedures
- Business Development (including 2 mentoring sessions)

SUMMARY OF NEEDS ANALYSIS

CASE STUDY: EMANCIPATION REHABILITATION CENTRE AMANDELBULT

Emancipation Substance Abuse Rehabilitation Centre, situated in Welgeval, aimsto address the challenges of substance abuse and ultimately, decreasing or eradicating its prevalence in South Africa, with a specific focus on the Rustenburg,Moses Kotane, and Thabazimbi districts.

The organisation comprises of several members; two recovering addicts, two community members, one social worker, and qualified social worker volunteers, who all share the same goal:

The center was established to address the:

- Lack of treatment and support in 32 villages in Bakgatle Bakgafela.
- Unaffordable costly expense of private substance abuse facilities.
- Dire need of addicts wanting help and treatment to discontinue their use.

Despite facing significant challenges and a pressing need for support, Emancipation Substance Abuse Rehabilitation Centre continues to provide services to its clients. They rely on donations and, where possible, payments from the families of those they assist. Remarkably, despite these obstacles, only 30% of their clients have experienced relapses.

REGIONAL REVIEW
MPUMALANGA

KHULISA IN MPUMALANGA IS PRIMARILY FUNDED BY THE DEPARTMENT OF SOCIAL DEVELOPMENT AND RENDERS MULTIPLE INTERVENTIONS IN WITBANK, OGIES, KRIEL AND DELMAS THROUGH THE EMPLOYMENT OF 9 FULL-TIME AND PART TIME STAFF.

STORY OF THE YEAR: INTERVENTION AT OGIES DEMONSTRATES IMPACT

Khulisa Social Solutions launched an integrated behavioral program at Ogies Secondary School in February 2022, addressing disruptive behavior among students and reducing the need for police interventions. The program included two components: Diversion for learners at risk or in conflict with the law, and an Early Intervention program for all learners.

The interventions yielded significant successes within the school community.

Principal Mr. Masuku praised the remarkable change in learner behavior, with disruptive incidents and disciplinary referrals dropping significantly, from 65 to 10.

Mr Masuku expressed the need for more support for teachers and families to understand the causes of disruptive behavior, and he welcomed Khulisa's help. He found external support valuable and highlighted the importance of counselling for personal issues, which the school couldn't provide.

Students who were once at risk or involved in conflicts now attend school regularly, show improved academic performance, and actively promote positive behavior among their peers. Teacher Ms. Simono also noticed positive transformations among referred students, attributing their success to the ability to openly discuss their challenges with external parties.

Moving forward, Khulisa plans to expand interventions and actively involve parents through dialogue circles and workshops. This collaborative effort aims to create an open forum for discussion, enhance support for learners, and strengthen the understanding among parents, teachers, and students. The goal is to fortify the school's operations and position it as an exemplary academic institution.

SUCCESS STORY | DIVERTEE GRADUATE

NAME *(PSEUDONYM)*: NKOSINATHI MNISI
AGE: 10 YEARS
GRADE: 4

Fundisisa Primary School in Dryden faced a challenging case involving Nkosinathi, a student referred to our diversion program due to violent behavior towards peers and chronic absenteeism.

Nkosinathi's living conditions in Dryden with his ailing father and unemployed paternal family were difficult. Without a birth certificate and child support grants, he endured neglect and a lack of necessities, like a clean uniform and school shoes, which contributed to his school absence. The underlying causes of his violent behavior were rooted in these circumstances.

Khulisa intervened, enrolling Nkosinathi in the Positively Cool diversion program. Through this initiative, we provided him with essential life skills, addressed his immediate needs, and steered him away from destructive behavior. We also facilitated the process of obtaining a birth certificate and applying for a child support grant. Plans were developed to relocate Nkosinathi to a safer environment where his siblings resided, ensuring better care and support.

Thanks to donations from Investec Bank, Khulisa provided Nkosinathi with much-needed school shoes, promoting consistent attendance. Our ongoing commitment aims to provide him with the care and support essential for his well-being.

This initiative not only benefits the school community and his academic performance but also reduces the likelihood of his involvement in future criminal activities, securing a brighter and more hopeful future.

REGIONAL REVIEW
NORTH-WEST

SUSTAINABLE LIVELIHOODS PROJECT FOR RUSTENBURG

KHULISA IN NORTH-WEST IS PRIMARILY FUNDED BY THE DEPARTMENT OF SOCIAL DEVELOPMENT AND RENDERS MULTIPLE INTERVENTIONS THROUGH THE EMPLOYMENT OF 8 FULL-TIME AND PART-TIME STAFF.

In September 2022, Khulisa secured a contract from the Tshikululu Trust for the Sustainable Livelihoods Programme, active from October 2022 to December 2023 in Rustenburg. The program aimed to enhance agricultural productivity, foster livelihood opportunities, and provide permaculture training within Rustenburg municipality.

The initiative commenced with two AgriPreneur Workshops, where Khulisa collaborated with local community members to assess their specific needs and aspirations. Through this process, 12 dedicated farmers from Rustenburg were identified and participated in a rigorous two-week permaculture course. The course covered key topics like systems thinking, climate, geography, pattern design, and permaculture techniques. Post-training, participants applied their newfound knowledge by cultivating their lands and achieving successful crop yields, with some even venturing into sales. Each farmer is now benefiting from personalized Development Plans to further enhance their farms.

Notable successes include a participant who launched a local chilli sauce business and another who initiated a kota (street food) enterprise in her community, showcasing the positive impact of the program on local entrepreneurial endeavors.

SUCCESS STORY FATIMA SEEPE

Fatima Seepe, a 32-year old resident of Meriting Rustenburg, initially connected with Khulisa during our May 2023 entrepreneur's workshop. As the founder of a daycare centre established in January 2023, she faced financial challenges during its registration and funding-seeking process.

After inviting Khulisa to her centre, our staff conducted a dialogue circle to address various challenges faced by staff and parents. Inadequate funding emerged as a major issue.

Following the dialogue circle, Khulisa, parents, and Ntataise staff collaborated and enrolled in a Breakthrough life skills program. We organized a holiday program at Fatima's centre on July 14, 2023, involving daycare attendees and community children.

On Mandela Day, Khulisa staff and community members cleaned the daycare centre's open space and established a vegetable garden with donated seeds and tools. Additional contributions from Lee Ann, a friend of Khulisa Rustenburg, included educational posters, clothing, and kitchen utensils.

Fatima expressed her gratitude for Khulisa's support, highlighting substantial personal and daycare centre growth, along with renewed strength and confidence for the future.

CELEBRATING 10 YEARS WITH KHULISA

Craig Setzin, born in 1981 in Mafikeng, embarked on his Khulisa journey in 2012 when he secured a social auxiliary worker learnership through the Department of Social Development. Joining Khulisa in 2013 as part of the Extended Public Works Programme (EPWP), he served as a peer educator and marketing officer in Mafikeng.

In 2015, Craig relocated to Khulisa's Rustenburg office and transitioned into the role of an auxiliary social worker. During his tenure, he honed his liaison and stakeholder engagement skills, fostering strong relationships with other organizations and delivering high-quality services.

Throughout his Khulisa journey, Craig cherished the knowledge gained, diverse field interactions, and engagement with stakeholders. He values Khulisa's support and healing impact on clients and communities. Having overcome challenges in his upbringing and learned from his own youthful mistakes, Craig is deeply committed to Khulisa's mission. He sees Khulisa as a platform to guide and mentor others, preventing them from walking a similar path. His passion lies in Khulisa's objective to nurture, develop, and heal communities.

His passion lies in Khulisa's objective to nurture, develop, and heal communities

REGIONAL REVIEW
WESTERN CAPE

STORY OF THE YEAR RESTORATIVE JUSTICE TRAINING FOR ALL KHULISA WESTERN CAPE STAFF

KHULISA IN THE WESTERN CAPE IS PRIMARILY FUNDED BY MULTIPLE DONORS AND RENDERS AN ARRAY OF SERVICES THROUGH VARIOUS DEMOGRAPHICS THROUGH THE EMPLOYMENT OF 141 FULL-TIME/PART-TIME STAFF.

In 2022, Khulisa initiated two Restorative Justice training programs, led by renowned South African practitioners Venessa Padayachee and Lisa Marqua-Harries. The first program, 'Restorative Justice and Peace-Building,' took place over four days in April and May 2022. It covered:

An introduction to restorative justice.

- An introduction to understanding trauma.
- Further skills training in Circle processes and mediation.
- Peace-building at a community level.

Following the success of the April/May training in the Western Cape, a second program was conducted in October 2022. This Introduction to Restorative Justice training drew 48 participants, both in-person and online, and covered:

- Introduction to restorative justice and trauma.
- Compassionate justice.
- Self-care.
- Who owns conflict?
- Advanced communication skills, including deep listening and non-violent communication skills.

Participants responded positively to both sessions, which utilized experiential and interactive methodologies to transfer knowledge and foster attitude and behavior change. Various exercises and activities, such as self-reflection, discussions, role-plays, films, and art, facilitated self and group reflection, knowledge application, and skill acquisition.

Key outcomes of the training, based on participant feedback and evaluation, included increased knowledge and skills in restorative justice, trauma-informed thinking, conflict management, mediation, non-violent communication, and self-care.

Participants gained confidence in applying restorative strategies for peace, justice, and reconciliation in various contexts, contributing to the cultivation of a culture rooted in these principles.

NEW START | MATSIDISO'S STREETSCAPES JOURNEY

Matsidiso's life was turned upside down when her mother passed away. She explained that the traumatic event, coupled with peer pressure, led to her becoming unhomed for six years. "I was out of control and I didn't have any communication with my family". After hearing about Streetscapes through a friend, Matsidiso made the leap in 2021 and joined the team in Gardens, Cape Town.

By January 2022, she was enrolled in a computer course, doing regular therapy and yoga through the programme. In September 2022, she left Streetscapes to take up a job at Nude Food where she prepares the vegan and vegetarian offerings for the on-site food caravan, while also helping in front of the house with the skills she picked up in the computer course.

Matsidiso was able to reconcile with her family, which is something that still makes her feel emotional. "I am very happy where I am now. I have had a great experience and learned a lot of things at work", she explains. Today Matsidiso lights up when talking about her career prospects: "I am hoping to be a beauty therapist, and my manager at Nude Foods is helping me. They are such good people".

> ***"I didn't know I was strong until now. I never thought I would be this person."***

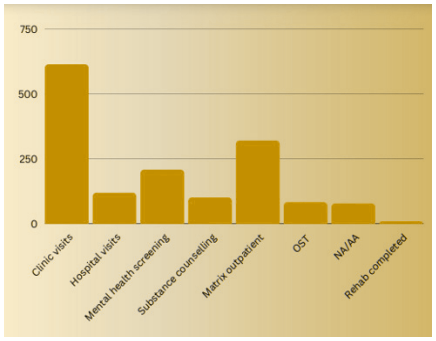

STREETSCAPES SERVICES

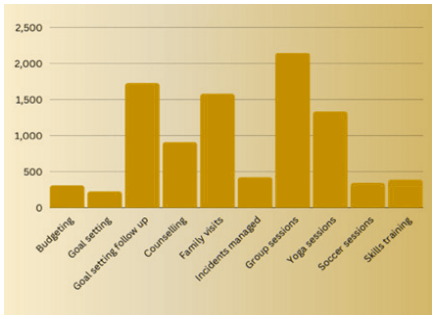

Streetscapes is dedicated to assisting individuals experiencing long-term homelessness in Cape Town who face severe behavioural health issues. These services are tailored to their needs and include housing, personalised case management, group sessions and counselling, job readiness, skills, and career development.

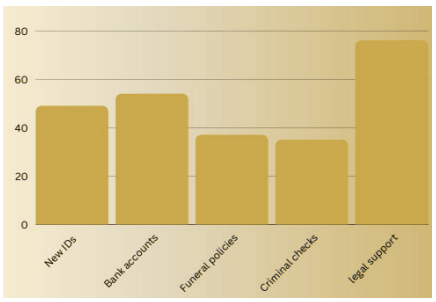

Streetscapes' efforts have led to significant positive changes in the lives of many individuals, helping them transition from street life to stable housing, turning their lives around. As a result, they have witnessed an overall improvement in the well-being and self-sufficiency of the clients who experienced homelessness, making this past year truly transformative for Streetscapes and the individuals they serve:

- 193 full-time service clients in the 2-year programme.
- 69% success rate in helping people move off the streets within 6 months.
- 39% success rate in our clients getting a job or reuniting with family after exit.
- 60% reduction in substance use.

STREETSCAPES SERVICES IN NUMBERS IN THE PAST 12 MONTHS

NATIONAL REVIEW
DAVE GUSTAFSON

Dave Gustafson, an international expert in restorative justice, trauma counseling, and victim empowerment, generously devoted around 10 days to Khulisa at his own expense, between 22 October and 3 November 2022.

During his stay, he provided motivational talks, trauma recovery and healing training, and shared insights on developing social structures conducive to achieving "just peace". Dave is a sought-after speaker and trainer who has worked extensively with non-profit organisations worldwide. In a letter addressed to Khulisa, Dave shared his profound experiences in South Africa.

NOVEMBER 21, 2022

To whom it may concern:

I have just returned from Johannesburg, South Africa, having had one of the most remarkable experiences of my life. I was invited by the Executive Director of Khulisa, Lesley Ann Van Selm, to travel there to train and consult in a number of sectors, from the School of Social work at University of Pretoria to the Ex-Offenders' Academy in Alexandra Township, along the way presenting workshops from the law offices of Allen and Overy, whose generosity and clear respect for Khulisa's work, made it possible to offer these workshops to staff of a number of NGOs and to stream them online to a wider audience.

My exposure to the work of Khulisa I anticipate will be life changing. The sheer breadth and scope of Khulisa's involvements in South Africa and beyond is breath-taking and profound. How Lesley Ann and her husband Graham keep up the pace they do is remarkable in itself, but the degree to which they inspire others who, in turn, have poured their hearts into their work over the duration of Khulisa's twenty-five-year history is nothing less than stunning. They have touched the lives of multiplied thousands, bettering lives one at a time and contributing on a much, much wider scale to the social weal wherever they have served.

I cannot recommend this organization highly enough. In fact, I have committed to return to South Africa in March of the coming year, to join them once again in offering whatever I can in support of their ongoing investments in human capital. Part of what I hope is that the Board of Directors of the organization for which I am ED (www.cjibc.org) will be persuaded to form a coalition with Khulisa to continue to support the exemplary work they do in each of their contexts.

Sincerely,

David L. Gustafson, PhD, RCC, SOSJ

KHULISA'S
25TH BIRTHDAY CELEBRATION

On 26 October, Khulisa Social Solutions celebrated our 25th anniversary with a memorable silver jubilee event at the Sandton Library in Nelson Mandela Square.

Over 120 guests attended the event, including the beloved Regina Mary Ndlovu, who served as the event's master of ceremonies, and Dr David Gustafson, a friend of Khulisa and pioneer in restorative justice research. The event featured special performances, including a heartfelt 'Thank you' song sung by Calvin Seitlhamo, a former Khulisa intern, and Aobakwe Molefe, a current intern with Khulisa. Aobakwe also composed the song, along with 'Phumelelo', which was beautifully performed by Yolanda Fyrus. To conclude the celebration, Regina Mary led a rendition of 'Happy Birthday,' joined by the delighted guests. We would like to thank The Pantry for providing all the catering for our anniversary.

REFLECTIONS OF THE EVENT

REGINA MARY NDLOVU

"My experience at Khulisa's 21ST-anniversary celebration as the master of ceremonies was deeply moving. For years, I felt trapped, silenced, and invisible, burdened by the secret of my illiteracy. Then, a remarkable woman, Lesley Ann, entered my life. She believed in me and entrusted me with her life's work. In her support, I found the opportunity to shine at the 21st-anniversary event, realizing my capabilities and purpose.

Before the event, Lesley Ann shared her childhood story, igniting something within me. Her vulnerability and determination resonated deeply, inspiring me to shed my cloak of silence.

Years of hiding my illiteracy bred shame and fear, but Lesley's unwavering love shattered those walls. Today, I am free, facing my fears with the support of this incredible community. Though I can't read or write, my voice and words resonate with passion and strength.

> ***I may not read from a book, but I speak from the depths of my soul, a fire burning brighter than the stars.***

REGINA MARY NDLOVU

Regina Mary, a determined visionary, has overcome obstacles for 33 years, defying the limitations of albinism-related visual impairment. She transformed her life experiences into powerful performances, including the play "Mary, Mary, Mary", which premiered at Johannesburg Theatre and launched her into a university drama program. Regina is now an accomplished actress, using her talent to educate about albinism through nationwide performances and films broadcast across Africa.

Regina challenges global stigma through initiatives like the "Climb for Albinism"and "My Voice: Albinism the New Era". Regina's commitment extends to youth development, inspiring young individuals to broaden their horizons. As an actress, speaker, coach, and activist, Regina Mary remains a global beacon of hope and empowerment.

KHULISA'S FLAGSHIP SERVICE: DIVERSION

In 2002, Khulisa initiated its first diversion program in Alexandra township. With support from the Department of Social Development and other generous donors, we've extended diversion services to tens of thousands nationwide, boasting an impressive 80% success rate in preventing re-offending.

Diversion is a restorative justice approach to address crime. Eligible offenders who admit guilt can join a personalised intervention program that lowers their risk of re-offending. Successful completion results in charges being withdrawn. It aims to empower those most affected by crime, promote healing, and ideally, foster transformation while reducing the likelihood of future offences. Offenders gain insight into the impact of their actions and take responsibility, involving victims in the process to repair harm, address root causes, and achieve closure and community reintegration.

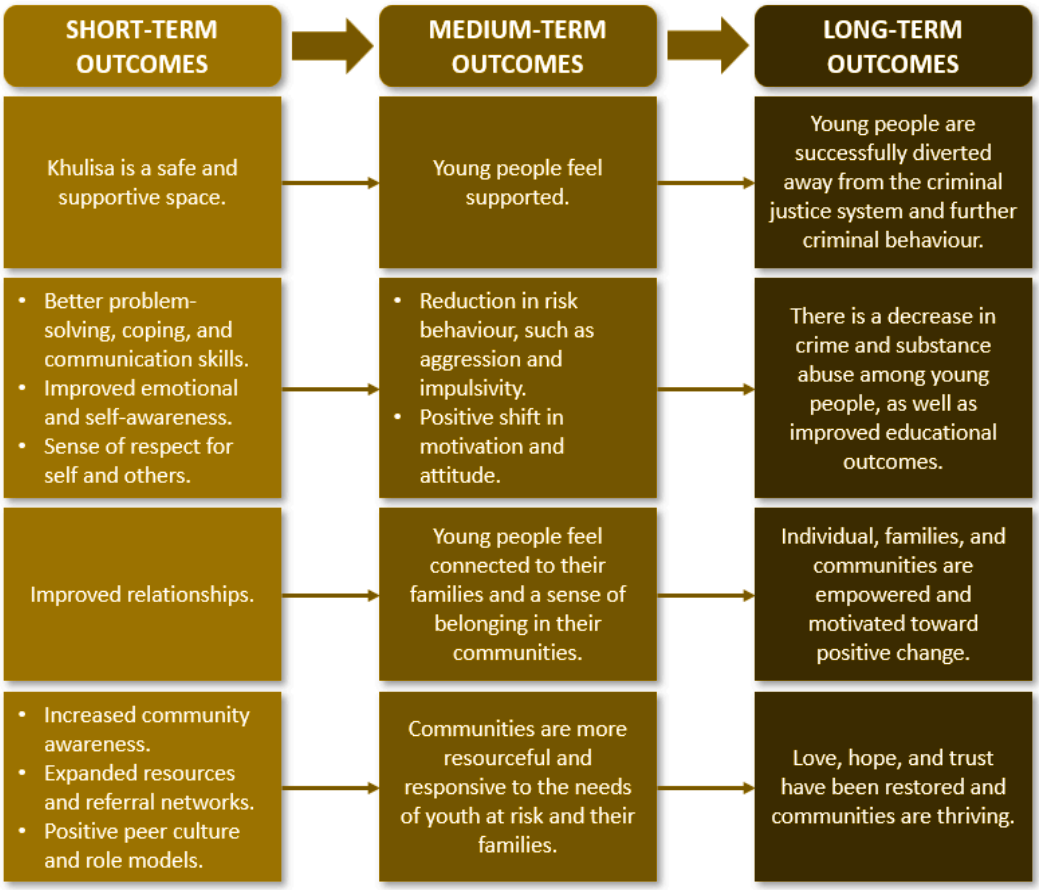

ADULT DIVERSION: SOUTH AFRICAN CONTEXT

South Africa employs adult diversion programs as an alternative to traditional criminal justice for non-violent offenders. These initiatives divert individuals from formal court proceedings and offer rehabilitative support, focusing on community reintegration. Services include counseling, education, skills training, and community service, targeting underlying factors contributing to criminal behaviour.

By providing diversion options, South Africa aims to alleviate prison overcrowding, promote rehabilitation, and facilitate the reintegration of individuals into law-abiding society. It's a proactive approach addressing the root causes of offending while easing the burden on the formal justice system.

YOUTH DIVERSION

IMPACT OF EARLY INTERVENTION

EXTRACTS FROM PROGRAMME SESSIONS

"It's like a bad boy turned out to be a good boy. So, for the community it's a good thing. And it contributes. I will also go back to the community and teach others that it is wrong to commit crime".

"I liked the idea of supporting and building one another. Finding peace and resolution regarding life issues and learning to forgive and to move forward after something bad has happened and just becoming a more balanced individual".

SUCCESS STORY: ADULT

Letter from participant:

"I wanted to take a moment to express my sincere gratitude for the exceptional program that I recently had the privilege of participating in. The positive impact it has had on my journey to recovery has been truly remarkable.

From the very beginning, I was impressed by the well-organized and compassionate approach of the program. Slindile's dedication and commitment to each participant's well-being was evident in every interaction. Her unwavering support, professionalism, and genuine care created an environment that felt safe, encouraging, and conducive to healing.

The variety of therapeutic techniques and activities offered truly catered to individual needs and preferences. I appreciated the holistic approach that encompassed physical, emotional, and mental well-being. The integration of mindfulness exercises, group discussions, and contributed immensely to my progress.

The program's emphasis on open communication and collaboration among participants fostered a sense of community and belonging. Connecting with others who were on similar journeys provided a sense of camaraderie and understanding that was invaluable to my recovery process. I was particularly impressed by the program's flexibility in adapting to the ever-evolving needs of the participants.

In summary, I am immensely grateful for the opportunity to be a part of this exceptional program. The positive changes I have experienced, both in terms of physical progress and personal growth, are a testament to the program's effectiveness. Thank you for your dedication, your hard work, and your unwavering commitment to helping individuals like me embark on a path to recovery and renewal".

(ANONYMOUS)

SUCCESS STORY: YOUTH

Letter from participant:

The teenager started using dagga in grade 10, influenced by friends. While not a regular user, he recognised the drug's popularity and saw an opportunity for income. He aimed to help his unemployed mother and compensate for his absent father's lack of support. He used the money for various expenses but misled his mother about its source.

He got arrested for drug possession and was referred to our diversion program, Positively Cool. After successfully completing it, he used his entrepreneurial skills to encourage his mother to start a perfume business. Currently, he's in matric, highly focused, and eager to pursue further education at a tertiary level. His transformation, determination, and positive attitude demonstrate the program's significant impact.

CELEBRATING LONG-TERM PARTNERSHIPS

LEHOHONOLO MOSES LETSOALO

Lehohonolo Moses Letsoalo founded Aga Sechaba Community Projects in 2008, focusing on youth skills development and substance abuse treatment. Starting as a passion project, they now operate in four provinces.

He highlights traveling with Lesley Ann and learning about organizational operations and compliance as a special memory.

> ***Every moment we spent under Khulisa's mentorship was a learning opportunity and potential for growth.***

LESEGO TSHABALALA

Lesego Tshabalala established the Get Informed Youth Development Centre on 21 June 2013 with their areas of operation in Tembisa, Gauteng and Maboloka, North-West.

'Get Informed' focusses on early childhood development, aftercare, food gardening for primary school learners, school intervention for high school learners, youth development and skills development for out of school and unemployed youth, women

empowerment for survivors of gender-based violence and business mentorship and incubation for active and aspiring entrepreneurs. Having first engaged with us in 2005, Lesego said his Khulisa highlights were receiving mentorship, being employed as a master facilitator for multiple Khulisa programmes within the country, receiving the Leaders Quest scholarship which led to him studying Social Auxiliary work and getting his driver's license, as well as getting the opportunity to establish an NPO. Lesego adds that he had gained various skills with Khulisa, most notably, facilitation, leadership, financial management and project co-ordination skills. Lesego's wish for his organisation is to obtain financial growth and sustainability, increase his fundraising skills, expand services to other areas and become a role player in the youth development sector. He feels the partnership with Khulisa is important for business mentorship and sharing information, especially regarding opportunities for growth and funding.

LYDIA SONO

Lydia Sono established the Lydia Sono Foundation in January 2018, which operates in Schoemansdal, Mpumalanga.

She established her Foundation as a response to the hate crimes and hate speech people from the LGBTQIA+ community experience, as well as the alarming rates of gender-based violence against women and children.

Lydia said joining Khulisa and being a part of their many programmes, has changed her life. Lydia did not have any skills and now applies all the skills she acquired through Khulisa, everywhere she can.

> ***I discovered the leader in me after doing a leadership course with Khulisa***

Lydia's wish for the future of her Foundation, is to get funding and a haven for people from the LGBTQIA+ community and survivors of gender-based violence. Lydia continued, "Khulisa is my home. When I need support, they are always there, and they make sure that they support me... I have a mentor because of them".

SONJA SCHULZE: RESIDING IN MELBOURNE, AUSTRALIA

My Khulisa journey, since 1997, profoundly shaped my life, marked by highs like Khulisa's UK establishment and lows with unfulfilled promises in Australia.

My first visit revealed South Africa's stark realities - crime, poverty, and inequality. Khulisa initially focused on juvenile offenders, guided by Lesley Ann's critical questions: Why do young people turn to crime? What's happening in their communities? Over two and a half decades, these questions fueled Khulisa's expanding interventions, offering holistic solutions to deep-rooted community issues.

From working with incarcerated youth to meeting a lady imprisoned for her parents' freedom fighting, many stories have left a deep impact. Khulisa's awards continuously acknowledge Lesley Ann's tireless work, and I eagerly await Khulisa's next 25 years.

BOARD MEMBERS

Each Board Member is entirely au fait with all Khulisa's projects, current and planned, and can speak knowledgeably about the organisation – its scope, reach, and potential – and contributes positively to the advancement of our country and its communities.

IAN MANN
NON-EXECUTIVE CHAIRMAN

Ian brings his extensive expertise as the Founder and Managing Director of Gateways Business Consultants, a respected consultancy specialising in leadership and strategy for large and medium-sized businesses across 14 countries.

VIMBAI MACHEKA
DIRECTOR

Vimbai Macheka is a Chartered Accountant with expertise in financial management and accounting, particularly in establishing controls, governance, internal auditing, and risk management. She played a significant role in the SAICA National Building Project, aligning financial management processes with PFMA and National Treasury Regulations, and is passionate about empowering women and youth.

KHOMI CIMUS (KC) MAKHUBELE
DEPUTY CHAIRMAN

Khomi is a results-oriented business leader with a proven track record in strategic overall business management, marketing, and human capital development, demonstrating a strong entrepreneurial spirit.

LUTFIYA FAJANDER
DIRECTOR

Lutfiya is a Finance Executive with vast experience spanning multiple industries, including retail, distribution, financial services, and infrastructure management.

LESLEY ANN VAN SELM
DIRECTOR AND KHULISA MANAGING DIRECTOR

Lesley Ann launched her career by establishing a marketing company at the age of 24 in 1979. She has dedicated herself to uplifting marginalized communities, and her journey led to the inception of Khulisa in 1997, where she initiated a storytelling program for juvenile offenders using African stories to instill cultural pride.

MOTHATHE MDLELENI
DIRECTOR

Mothathe is a dynamic and globally-minded professional with strong technical skills, excellent interpersonal abilities, and adaptability. He excels in independent work, strategic thinking, effective presentations, and solution development to achieve organisational goals.

LYNNE ROSS
DIRECTOR

Lynne is a successful entrepreneur known for her extensive experience across various business and discipline areas. She founded Idea Alive SA (IASA) in 2014, specializing in executive, business, and life coaching, addressing business strategy, leadership, communication, goal achievement, stress management, and personal well-being.

ANELE MOTHA
DIRECTOR

Anele is a mid-level public relations professional recognised for her expertise in content development for B2B and B2C markets, exceptional media relations skills, and adeptness in social media management. She boasts strong relationships with media, cultural insights, and a track record of influencer engagement in B2C campaigns for premium and luxury brands.

FINANCIAL REPORT

FINANCIAL OVERVIEW

The past fiscal year saw Khulisa achieving some significant milestones from a financial perspective. However, low overhead recovery remains a consistent threat, especially for financial contributions toward our operational costs.

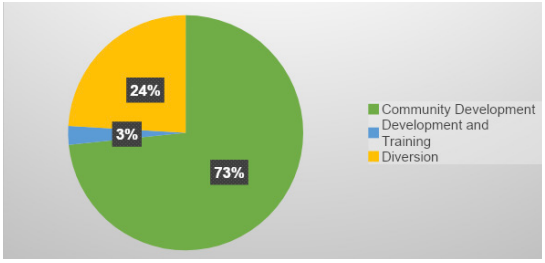

Khulisa has been a registered non-profit company since 1998, registration number 98/001994/08. We have been approved for the purposes of Section 18A (1) (a) of the Income Tax Act and donations made to the organization will be tax deductible in the hands of the donors. We are a Level 1 BBBEE organization with 100% black beneficiaries and have had unqualified audits since the inception of our organization.

REVIEW OF FINANCIAL RESULTS AND ACTIVITIES

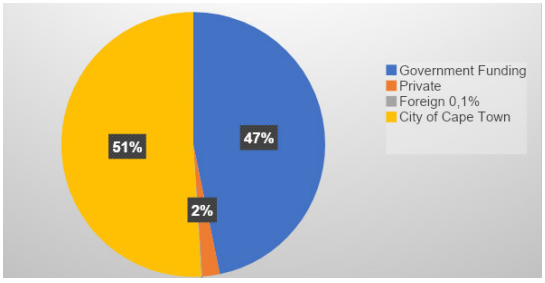

Our annual financial statements have been prepared per the International Financial Reporting Standard for small and medium-sized entities. The accounting policies have been applied consistently compared to our prior year. For full details of the financial position, operating results, and cash flow of Khulisa, please email ilke@khulisa.org.za for a copy of our annual financial statement.
